- you can grant power of attorney and issue instructions to the voting right proxies authorized by MTU, or
- you may appoint a proxy, for instance a bank or an association of shareholders, to vote on your behalf.

In order to exercise voting rights and further rights in the virtual AGM, shareholders must be listed in the Company’s share register and their requests to register their shareholding must be received by the Company at **the latest by the end of May 1, 2024 (24:00 CEST)**.

Shareholders who are listed in the share register can register their shareholding in text form (in German or English) with MTU at the following address:

4. ON WHAT DATE MUST MTU SHARES BE HELD IN ORDER TO BE ENTITLED TO VOTE?

In order to attend the AGM and be entitled to vote, besides the timely registration for the AGM, the number of shares registered in the share register on the day of the AGM are relevant. We also refer to the technical record date explained in question 6.

5. ON WHAT DATE MUST MTU SHARES BE HELD IN ORDER TO RECEIVE THE DIVIDEND?

To receive dividends, MTU shares must be registered in your custody account on the day of the AGM (May 8, 2024). The dividend will be paid out on May 14, 2024 (Pay day). The entitled shareholders will be determined by the banks on May 10, 2024 (Record day).

Please note that, for administrative reasons, no changes in share ownership will be recorded from May 1, 2024 (24:00 CEST) up to the day of the AGM on May 8, 2024 (24:00 CEST). May 1, 2024 therefore is the technical record date. Shares that have been registered for the purposes of the AGM are not blocked. After registration, shareholders remain free to dispose of their shares as they wish, even during the above mentioned period in which changes in share ownership are not immediately recorded.
