Beschreibung:

- Diese Capability List untersetzt das B1 Rating der EASA und das Limited Rating Power Plant der FAA
- Diese Capability List ist ebenfalls gültig für alle weiteren nationale Zulassungen, im Rahmen der im Scope of Work des jeweiligen zugelassenen Supplements beschriebenen Limitierung, sofern nicht anderweitig gefordert.
- Zur Verdeutlichung der verschiedenen Motorenmustern/Baureihen, in Bezug auf das Rating, sind die für die MTU-BB geltenden Triebwerksmodelle aufgeführt.
- Im Sinne dieser Capability List dürfen durch die MTU-BB nur Instandhaltungsleistungen an solchen Motorenmustern/Baureihen erbracht werden, die in dieser Liste aufgeführt sind. Die Zertifizierung erfolgt mittels EASA Form 1 oder für Triebwerke die nicht über das BASA MAG gecovert sind, mittels äquivalenter nationaler Freigabebescheinigung.
- Das Verfahren der Änderung/Erweiterung dieser Capability List ist in der Operating Procedure OPB08-08 beschrieben.
- Änderungen/Erweiterungen sind bei der Org.-Einheit MBQ nach OPB08-08 zu beantragen. Die technischen, personellen und administrativen Voraussetzungen sind nachzuweisen.

Description:

- This Capability List lays down the B1 rating of EASA and the Limited Rating Power Plant of the FAA
- This Capability List is also valid for all other national approvals, to the extent of the limitation described in the Scope of Work of the respective approved supplement, if not otherwise requested.
- To clarify the different engine types/series in relation to the rating, the engine models, applicable to MTU-BB, are listed.
- For the purposes of this Capability List, MTU-BB may only provide maintenance services on those engine types/series that are included in this list. Certification is carried out by means of EASA Form 1 or for engines that are not covered by the BASA MAG, on equivalent national release certificates.
- The procedure for changing/extending this Capability List is described in Operating Procedure OPB08-08.
- Changes/extensions must be requested from the MBQ organizational unit in accordance to OPB08-08. Proof of the technical, personnel and administrative requirements must be provided.
